

"AMERICA'S WORLD AGGRESSION"

(Prepared by Great Far East War Investigating Committee
Published by Mainichi Newspaper Co. in May, 1944)

Excerpts from Section II. His (Roosevelt's) Jewish
Character and Japan, Germany and Italy.

F. 32, ll. 7-12. Germany is the first to recognize the facts that Roosevelt is the leader of the American Neo-Imperialism and consequently, that he is the one who set fire to the present war. Germany, who has long seen through the diabolical nature of the Jews and has gotten rid of them, considers that they "possess control over the Communist regime of the U.S.S.R. on one hand, and on the other, hold in their power the Capitalism of the U.S.A., Great Britain and France. They have thus plotted the present war so as to accomplish the Jewish race's conquest of the world in one stroke with the Russian Red Army, the British Navy, and the American monetary and material power, and Roosevelt has been chosen to play the leading role in the conspiracy."

P. 35, ll. 8-13. In the face of the pressing crisis of Europe, Roosevelt and the Jewish brain trust around him began to feel the necessity of promptly dealing with the situation, and as the foresight into all matters in the U.S.A. such as military preparations, directing public opinion, etc., became clear, they at length took steps to oppress Fuhrer Hitler and make him start a war. We cannot but believe that, thereupon, they made Russia conclude the Russo-German Non-Aggression Pact as a sort of scheme so that the German position might be apparently strengthened and which led Fuhrer Hitler to adopt a firm policy and venture into a war with England and France with much confidence.

P. 43, ll. 3-7. The extremely egoistic and vulgar Jewish ideals completely agrees with the war object of the American and British warmongers of today. However, they dare not openly set forth to the people their vulgar war aim, so they are trying to lead the nation into war by giving the motto of democracy, freedom or Christian civilization which had already been advocated many times in the past and have no new impression on the people.

P. 43, ll. 14-16. Roosevelt, who is of Jewish blood, did not have the least sympathy for non-Jewish races from the beginning, as the common ruin of the non-Jewish races is his and his party's desire ----.
